Subject: Underground Storage Tank Closure, North State
Telephone, 111 Hayden Place, High Point, North
Carolina, Guilford County

Dear Mr. Wagner:

On January 1, 1991, we received the soil sample results and closure assessment from the underground storage tank closure at the subject location. As the implementing agency for the Federal Underground Storage Tank Program for the State of North Carolina, we have determined from review of your assessment that the no further action is needed at this time. However, this does not absolve you of any responsibility for contamination that may not have been detected during the site assessment.

If you have any questions, please feel free to contact me at the letterhead address or telephone number.

Sincerely,

A handwritten signature in cursive script that reads "Thomas A. Salley".
